Chromebook Information Meeting

HCDE Vision

Through the 1:1 Technology Integration in Hamilton County Schools, we will meet our students' individual needs and introduce them to a world of possibilities by enhancing our curriculum through communication, collaboration, creativity, and critical thinking.

1:1 Initiative - Research Based Philosophy

- Improved student academic achievement.
- Students using the internet and computer media to communicate and work together on assignments and projects.
- Improving the use of critical-thinking skills to plan and conduct research, manage projects, and solve problems.
- Students' better understanding of legal and ethical behavior related to technology.
- Targeted instruction to better meet the learning needs of the students.

Technology- Helping to Make Learning More Meaningful at Hamilton County Schools

- Technology helps us provide personalized learning for all students.
- Technology facilitates data-driven instruction.
- Technology engages teachers in a meaningful way.
- Technology engages students in a meaningful way.
- Technology allows us to challenge the way we use our time and space.
- Technology allows us to connect inside and outside the classroom.

Technology Contract

- Expectations
- Parents & Guardians Responsibilities
- Student Code of Conduct with Devices

Digital Citizenship

Digital Citizenship is a concept which helps teachers, technology leaders, and parents to understand what students/children/technology users should know to use technology appropriately. Digital Citizenship is more than just a teaching tool; it is a way to prepare students/technology users for a society full of technology.

Digital Citizenship

Digital citizenship is the norms of appropriate, responsible technology use. - Mike Ribble

Nine Elements of Digital Citizenship

Digital Access

Digital Commerce
